## Bringing You the Best From Each Store

Shin-Nagata's Top-Notch Quality Goods and Services

The eccentric store-owners of Shin-Nagata often participate in workshops, where they come together to share their most highly touted products and services, with the aim of further improving such goods.

This pamphlet was drawn up as a result of such workshops, and it has been published to allow customers to learn more about such remarkable products and services.

Please come visit Shin-Nagata with this pamphlet in-hand, to get a first-hand look at the goods and services, as well as to meet the friendly store-owners. Our store-owners are awaiting your visit, and are sure to provide you with all the knowledge you need on their top-notch products and services.

### Exquisite, artisanal, local, and creative <Cream tofu>

This item was developed during the soy milk boom, and it continues to be a top-seller more than 10 years and running. This delightful treat is made by taking soy milk and low-fat cream, and using natural nigari (tofu coagulant) to solidify the mixture. During the development of this sweet menu item, we received training in tofu-making from the "Mori Tofu Store", leading to the collaborative development of this local product.
